Bellinzona Fortress Grey

Bellinzona Fortress Grey is a warm taupe infused grey tone characteristic of the natural rock and stone materials used to create the three medieval castles of Bellinzona; Castelgrande, Montebello and Sasso Corbaro.

Conveying a comforting message of strength and security, Bellinzona Fortress Grey symbolizes the longevity and authenticity of this ancient fortification.

Signifying stability and endurance, a solid gray hue ideally suited to the historic architecture found in this unique prestigious UNESCO World Heritage Site.
