Alpe Nisciora

On the way to the alpine pastures

An unforgettable journey immersed in nature between tradition and local culture, a different day to spend in company.

A multilingual tourist guide will accompany you through the natural beauty of this mountain, an itinerary that will take you from the summit to the plain in a ring-route through woods, alpine pastures and beautiful peaks with stupendous views, in a suggestive rural and naturalistic landscape, rich in history and emotions amidst the scent of rhododendrons and majestic beech woods, historic chestnut woods and old buildings bearing witness to past labours, partly following the route of the historic Lema-Tamaro with exciting passages on the ridge. Approximately halfway along, at Alpe Nisciora will be proposed a relaxing food and wine stop, again based on local products cooked by the farmer at an alpine pasture surrounded by nature.

Programme:

08:30

Meeting at Monte Lema cable car

8:45

Ascent to the summit of Monte Lema

12:30 approx.
