

## *Kayak & more...*

Discover the nature of Lake Lugano in kayak!

The pleasure of silence, the absence of roads to follow and dangers to dodge, makes paddling a wonderful feeling of health and well-being. Teo, will give out all the material and tips before leaving for a beautiful experience on lake Lugano.

## Half Day - Lake Lugano

The aim is to arrive to Caslano, beautiful village with its mount Caslano a very attractive natural landscape, offering in a limited space a wide range of botanical species, representative of the entire Ticino region. This area between Lugano and Ponte Tresa is of geological interest, with a great variety of rocks of different eras clearly visible.

Included: certified guide, kayak material, instructions, the certified guide takes you to Caslano and back. He will not be present during the visit to the museum. Visit to the Fish Museum with a local guide. Lunch free.

Prices upon request
