

Winter Sports in Ticino

Have you ever experienced the longest sled piste of Ticino? It's the pride of Nara, a beautiful winter destination in the Sun valley of Blenio. The sled piste runs its way along 5 km and 480 metres of elevation difference between snow-covered slopes and beautiful coniferous forests. If snow conditions allow, it is possible to extend the descent for another 5 km until reaching Leontica.

Not only sledding...

The Nara ski area offers 30 kilometres of slopes to suit all needs, from beginners to the most experienced skiers and for those who love snowshoeing.

A traditional bar located in a charming clearing in the black forest, at the intersection of the ski slopes and the sledding piste, it is a must-visit during the day.

Fun guaranteed!
